

# MARINA FACILITY USE PERMIT & STICKER LOCATION 2024

The Marina Facility Use Permit provides you use of the Marine Facilities in the Town of Greenwich. The permit must always be carried with you and be shown upon request by any Town Official, Dock Master, or Gatekeeper.

Your permit has been activated for the season, in addition you are receiving various stickers depending on requested rental services. These stickers must be adhered to the vessel or trailer as noted below, prior to use of the facility. It is recommended you clean the surface area with an alcohol swab for better adhesion prior to attaching the sticker. If you are missing a sticker, please contact the marine office immediately.

\*The security combination for the 2024 season will be mailed to you with your sticker/s. \*
